CAREER OBJECTIVE

Enthusiastic B.Tech Computer Science & Engineering (IoT) graduate with hands-on experience in Core Java, Advanced Java, Spring Boot, Spring MVC, Spring Core, JDBC, JSP, MySQL, HTML, CSS, JavaScript and Bootstrap. Experienced in developing Java applications, web applications, CRUD systems and database-driven projects. Seeking an entry-level Java Full Stack Developer role to apply my technical and problem-solving skills while learning and contributing to the organization.

TECHNICAL SKILLS

Programming	Core Java, Advanced Java, OOP
Backend / Java	Spring Boot, Spring MVC, Spring Core, JDBC, JSP, Servlets
Frontend	HTML, CSS, JavaScript, Bootstrap
Database	MySQL, CRUD Operations
Build & Server	Apache Maven, Apache Tomcat, XAMPP
Tools	Eclipse IDE, Git, GitHub
Other	Problem Solving, Debugging, Logical Thinking

INTERNSHIP EXPERIENCE

Core Java Intern – CTTC, Bhubaneswar | 1 Month

- Completed practical training focused on Core Java and Object-Oriented Programming.
- Worked with classes, objects, inheritance, encapsulation, polymorphism and exception handling.
- Improved programming, logical thinking, problem-solving and debugging skills.

Web Development Intern – OctaNet Services | 1 Month | Online

- Completed a one-month online internship focused on web development.
- Worked with HTML, CSS, JavaScript and Bootstrap to create responsive interfaces.
- Gained practical understanding of frontend development and website structure.

PROJECTS

Bank Management System – Spring Boot Full Stack

- Developed a full-stack Bank Management System using Java and Spring Boot.
- Used Spring Boot, Spring MVC, JDBC and MySQL for application and database development.
- Implemented CRUD operations and used Maven for dependency management and build automation.
- Applied MVC-based architecture and developed backend/database connectivity.

Vehicle Rental System – Core Java & OOP

- Developed a console-based Vehicle Rental System using Core Java.
- Applied encapsulation, inheritance, polymorphism and abstraction.
- Implemented vehicle registration, selection, rental and availability management.
- Used Java collections and user input handling.

JSP Website Page – JSP & Apache Tomcat

- Developed a dynamic website page using JSP, HTML, CSS and Bootstrap.
- Used Apache Tomcat as the web server and Eclipse IDE for development and testing.
- Created a structured and user-friendly web interface.

To-Do Application – CRUD

- Developed a To-Do application implementing CRUD operations.
- Used MySQL for database operations and implemented create, view, update and delete functionality.
- Designed the interface using HTML, CSS and Bootstrap.

Console-Based Calculator – Core Java

- Developed a console-based calculator using Core Java.

- Implemented arithmetic operations using methods, conditions, loops and user input.

EDUCATION

B.Tech – Computer Science & Engineering (IoT) – GITA Autonomous College, Bhubaneswar | 2022–2026 | CGPA: 8.0

Higher Secondary (12th) – Regional Higher Secondary College, Nimapara | 66%

Secondary (10th) – Saraswati Shishu Vidya Mandir, Astarang | 56%

CERTIFICATIONS & TRAINING

- Core Java Internship – CTTC, Bhubaneswar | 1 Month
- Web Development Internship – OctaNet Services | 1 Month | Online

KEY STRENGTHS

Problem Solving • Logical Thinking • Quick Learning • Debugging • Team Collaboration • Adaptability
